## TREMENDOUS BARGAINS, AT CHEAPSIDE, NAPANEE

TREMENDOUS is an old word and we have been thinking and thinking of  
some word more modern which would be suitable to apply to the purchases  
our Mr. Hinch made when at the wholesale markets last week, but there is  
none forceful enough. Tremendous is a good word and can be truthfully ap-  
plied to the lot of goods we just opened out, bought at the were at 50 cents  
on the dollar and sold at the same rates.

WE ARE HAVING A SPECIAL SALE OF SILKS and these are a  
few of the bargains we will give. A nice stripe satin for 25c worth 50c; a  
heavy Brocade Satin for 45c worth \$1.00, a pure Silk Satin Mercerieux for 60c  
worth \$1.00, a heavy Satin for 75c, a very heavy pure Silk Satin for 90c  
worth \$1.50 and so on up. An elegant Satin ground goods broadened with plush worth  
\$6.00 for \$2.50, suitable for Dresses and Jackets; these goods were bought in  
bond at less than half their value.

WE ALSO GOT SOME BIG PLUMS IN DRESS GOODS and are  
selling fine all wool goods worth 30c for 20c; union silk check goods worth 30c  
for 20c; fine black all wool Scotch worth \$1.50 for \$1.00.

WE ALSO SELL A NICE QUALITY OF NAVY FLANNEL for 25c  
worth 35c; Beautiful velvet finish shawls at \$2.00 less than their value, a lot of  
silk handkerchiefs at 20c, a lot of good silk handkerchiefs at 25c.

A BIG LOT OF LADIES' AND MISSES' KNITTED WOOL SKIRTS  
at their value and less.

\$3.00 Skirt for \$1.50.  
\$2.00 skirt for \$1.00.  
\$1.75 skirt for .90.

WE HAVE LOTS MORE OF BARGAINS which we haven't time to  
enumerate in every department.

BUT THE FUR DEPARTMENT we can't pass over as we have secured  
some bargains in Persian Lamb and Seal, the prices of which are enough to  
scare any one who knows the value of them, (we mean to scare in the right  
direction.) We are selling a No. 1 Persian muff all whole skin, beautifully made  
and trimmed for \$7.50, they are worth \$12.00; Seal Muffs worth \$20 for \$12;  
Seal capes worth \$15 to \$17 for \$10 and \$11 each; Men's Persian Caps pieced  
for \$1.25; Men's Persian Caps whole skin \$4.00; Men's good Persian Caps  
\$5.00; Men's "best on earth" Persian Caps \$6.00. What's that you say? The  
skins are worth more. We know it, but we bought these goods so cheap that  
we can afford to sell them at those prices and make a fair profit, so nobody's  
business, but its knocking both ends out of all competition. Don't you throw  
away \$5.00 on a Cap or Muff by buying before you see our goods. If you  
don't suit you, you are under no obligations to buy from us. But we know what  
we are talking about when we say we CAN SAVE you \$5.00 on a Persian Lamb  
or Seal Muff and from \$4 to \$5 on a Cap. Don't forget we make to order any  
thing and everything in fur goods, fur-lined Circulars, Mantles, Caps, Coats,  
Mitts, Collars and Cuffs, &c.

## DONT

Let that cold of yours run on. You think  
it's a light thing, but it may run into  
catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dan-  
gerous. Consumption is death itself.

The breathing apparatus must be kept  
healthy and clear of all obstructions and  
obnoxious matter. Otherwise there is trouble  
ahead.

All the diseases of these parts, bevi-  
dence, throat, chest, lungs, can be  
delightfully and entirely cured by the  
use of Boschee's German Syrup. If you  
don't know this already, thousands and  
thousands of people can tell you. They  
have been cured by it, and "know how it  
is themselves." Bottle only 75 cents. Ask  
any druggist.

Mr. A. R. Weese, Dentist, has removed  
his office into the upper flat of the Tribune  
building where he can in future be consult-  
ed. Being a skillful dentist, Mr. Weese is  
enjoying an ever increasing patronage.

Great sale - at half price - of  
millinery, &c., at Miss Warren's,  
St. George street.

Association of the Church of the Redeemer  
will be held in the parlour of the church this  
evening. A programme of unusual merit  
will be presented.

The Young People's Association of the  
Methodist Church held a concert in the  
Church on the evening of Friday, Dec  
9th. No pains will be spared to make this  
event thoroughly enjoyable.

Hinch & Co., Nanapan, are succeeding in  
getting a large patronage from Deseronto as  
well as from other parts of the Bay district.  
Their stock is large and well assorted, offer-  
ing an unlimited choice. Ladies visiting De-  
seronto will be accorded the best of attention.

The Big Mill men must have done very  
well during the past season, as a number of  
them are reported to have been asked to  
work at the Cedar Mill when they declined,  
preferring rather to have a good time for a  
while. Boys, make hay while the sun shines.

Four of Deseronto's fairest daughters  
could be seen on Tuesday wending their way  
to an eat and grocery to purchase some for-  
tune gum and other novelties. They had been  
asked to work at the Cedar Mill when they declined,  
preferring rather to have a good time for a  
while. Boys, make hay while the sun shines.

Miss Cassidy was the recipient the other day  
of a handsome set of jewelry presented by  
the children of the Roman Catholic Sunday  
School, who by her kind assistance as teach-  
er were successful in passing for contribution  
at the late visitation of his Lordship  
Bishop Clary.

Navigation is virtually closed for the  
season. The steamer came up from Picton  
yesterday morning, but was no further and  
has laid up for the winter. The Armenia  
came from Kingston on Wednesday night.  
The Resolve cleared for Orango yesterday  
morning and the Reliance came in yesterday.

The proprietor of a popular hotel in the  
west end of the village and a substantial  
looking hotelier from the same aristocratic  
district were out in Tyendinaga last week  
on business. They drove up to a farm house  
for dinner. The granger mistaking them  
for clergymen very seriously asked them to  
what denomination they belonged. Next.

There was heavy rain on Sunday evening,  
but the weather turned colder during the  
night and a light fall of snow whitened the  
ground. The mercury took a dip on Mon-  
day night, and on Tuesday morning the day  
was skimmed over with ice. Cold clear  
weather on Wednesday and yesterday  
morning the thermometer indicated three  
degrees below zero, and ice in the bay was  
quite solid.

Mr. & Mrs. J. W. Dexter left yesterday  
afternoon for Akron, Ohio, where Mrs. Dexter  
will spend the winter with her daughter,  
Mrs. F. H. Mason. Mr. Dexter will  
spend a few weeks in Akron and also in  
Chicago visiting his son, and in Minneapolis  
where he has two brothers. We hope that  
Mrs. Dexter, whose health during the past  
year has been very poor, will find the  
change beneficial.

The Annual Tea Meeting of the Method-  
ist congregation was held in the White  
Church on the evening of Friday, 24th Nov.  
The affair was a most gratifying success, the  
attendance being very large, respectable and  
representative. When it is remembered that  
eighty-five good matrons of the congrega-  
tion had interested themselves in provid-  
ing the tea, it can be easily understood that  
it was of a most sumptuous character. The  
tables being supplied with delicacies of every  
variety and in the richest profusion. Ample  
justice having been done to this tempting  
feast by successful relays of guests, Rev. A.  
Campbell called the meeting to order and  
asked the meeting to select one of their  
number as chairman. W. B. Aylsworth,  
Esq., Reeve of Deseronto, was unanimously  
chosen and performed the duties of the posi-  
tion with credit and grace. Before the tea  
were delivered by Rev. G. A. Anderson, of  
Christ Church, Rev. A. Campbell, pastor of  
the congregation, and a Latin oration was  
read.

During the evening Miss Walker and  
Miss Lizzie Anderson contributed a duet and  
the well trained choir of the congregation  
rendered several selections. Before the tea  
the pastor thanked the ladies for their ener-  
getic efforts in preparing for the occasion and  
also expressed his gratitude to the members  
of other churches for their kind patronage.

Councillor Richardson announced that the  
financial receipts totaled up the nice amount  
of \$22.

Before a century it is estimated that London will have a population of 7,000,000.

## BETHEL.

From Our Own Correspondent.  
It is my painful task this week to have to chronicle the death of Clarence Reid, grandson of our postmaster. Clarence was a great favorite with the whole neighborhood, in fact of every one who knew him. He was as bright a little fellow as you could wish to meet and very intelligent for his years. He was about 12 years of age and will be greatly missed by his friends. The bereaved family have the sympathy of the neighborhood. He was only sick about a week but they did not think him dangerously ill until only a couple of days before his death. I understand the cause of death was inflammation of the stomach. The funeral services were performed by the Rev. T. C. Ash, on Monday, 28th Nov.

## READ.

From Our Own Correspondent.  
Mrs. Callaghan, of Dakota, is on a visit at her father's, Mr. Thomas Cullen, Bachelor's Walk.  
Mr. James Cullen who has been in Dakota for some years is home on a visit.  
Last Sunday was the first Sunday in Advent. Festivities are at an end, and the marriage bells have ceased to ring.  
The Messrs. Vane, of Thurlow and Hunsford, are about to purchase a large quantity of shingles on the farm of Mr. Robert Gordon, 8th concourse, during the winter, where they intend running a shingle mill by steam.  
Our school has been making gratifying progress under the fostering care of our excellent teacher, Mrs. McHenry. The Christmas examination will soon take place, when parents should make it a point to attend and see the result of the good work done during the half year.

## LINDSAY.

From Our Own Correspondent.  
Last Sunday in one of our places of worship the sexton had too much fire going in the furnace, causing the congregation to be made uncomfortably warm. Being told about it after service, he said, if the minister looked after the spiritual temperature of the flesh he'd tend better.  
The entertainers given up by the Odd-fellows last week was a success financially, besides being a treat for the people of Lindsay. We may hear of others during the winter.

The plate glass fronts lately put in some of the stores on Keats, add very much to their appearance, and to the looks of the town. The stores with the small windows look very mean compared with the others, and to save the chance of losing customers orders for more plate glass are likely to be given.

Another tall chimney for Lindsay. At the new G. T. R. repair shops we have seen being built a large brick chimney that we hear is to be 65 feet high.

## TYNDINAGA RESERVE.

From Our Own Correspondent.  
Mrs. Wm. Buck Maracle has put extensive repairs to her house, making it a comfortable and commodious building.  
It is reported that the Rev. J. J. Dowd freely at a Bee in the neighborhood of Deseronto almost under the olfactory nerves of the officials.

We wish good speed to our vocalist, Tease, who is about to leave home on a singing tour. We regret to hear of the serious illness of old Isaac Penn who is now with his daughter near Picton.

John A. Loft, of the Upper Reserve, who has been seriously ill for some time had a successful ploughing bee on the 15th inst., his many friends showed their sympathy by swarming to his assistance.

The opening of the Parsonage, which took place on Thanksgiving day was one of the events of the season. Resolutions of thanks to friends in England who contributed to the funds for repairing the Parsonage and Church were passed unanimously and every one seemed happy.

The report to general Council of the returned delegates from Muskoka was not very favorable, they were not successful in purchasing a Reserve in that Northern locality was deferred for future consideration.

Your 2nd will never learn to read decent manuscript in last week's correspondence. I am glad to say Sam Claus when it should read Francis Claus one of our most enterprising farmers.

We sympathize with Alexander Loft in the loss of his barn by fire on Friday night and with his tenant Solomon Thompson all of whose straw and other fodder was consumed at the same time by the devouring element.

## KINGSFORD.

From Our Own Correspondent.  
Miss S. E. McLaughlin, of Mount Pleasant, has been visiting her many friends in this neighborhood.

Mr. Michael Rogers and Miss Rogers, of Read, were visiting here this week.  
Mrs. Schoonmaker, of Fallow, N. Y., is visiting her sister, Mrs. Ann Abbott.

Miss Mary Brennan is visiting her brother at Napawan.  
Mr. Thomas Seasmith left last week for Big Rapids, Michigan.

We beg to congratulate Mr. Thomas McHenry on the increase to the population of Empey Hill.

Mr. Wm. Ballance, who recently moved into his new house, being evidently tired of his bachelor day he resolved upon taking unto himself a wife. In pursuance of this good resolution he was married last week at Napawan to Miss Elizabeth Lloyd, of Selby. We beg to offer our congratulations.

On the 24th Nov. Mr. Andrew Gearing and backed the wagon to the edge of the hill. There is a very strong submergence at this point totally unprotected and the wagon almost went over. In fact the escape was miraculous. The newly caught to be a warning to the Richmond Council, who have been criminally negligent in protecting the public at this most dangerous place. Will nothing be done until lives are lost and the township saddled with additional taxes?  
The annual meeting of the patrons of the

Empey Hill Factory was held on the 23rd Nov. When the business of the season was wound up and the officers for next year were appointed. A committee was appointed to look after the general interests of the factory, and to take action in any case where milk is watered or cream taken off the milk before being sent to the factory. During the season 1,225,000 lbs. of milk was received and 115,000 lbs. of cheese manufactured.  
The weather has been very changeable during this week, and we had a heavy fall of snow on Monday.

## SHANNONVILLE.

From Our Own Correspondent.  
Oh! stern fate! how cruel death,  
Again we feel thy frowns;  
Thou hast in terror stalked abroad,  
And striken Percy down.  
Thou hast again in revel wild,  
Sat midst earth's fairest bloom;  
And from the same, thy fatal hand,  
Filled up another tomb.

It is with sorrow that we chronicle the death of our esteemed young friend, Percy McLaren, eldest son of Dr. A. McLaren, of this place, who died on Monday, the 21st at the early age of 20 years, of that fatal disease, consumption. We are glad to know that he died peacefully, and that he had resigned to the will of God, and bore his suffering with patience, saying that it was nothing to compare with what his Saviour suffered for him. His funeral was held in the Presbyterian Church, service being conducted by the Rev. Mr. Kattray, of Kingston, assisted by Rev. Mr. Peake, and Mr. Percival, also of Kingston. Our sympathies are extended to the bereaved family.

## ALBERT.

From Our Own Correspondent.  
I see there is some singular reasons brought forward why we should not have commercial union; one reason is, that there were between two and three hundred divorces in one city. One would suppose that we should be expected to exchange commodities of that kind. If divorced people are plentiful in the United States they can afford to give us at least half a dozen for each one of ours and a few culls thrown in. It would be very pleasant to find a locality where there is nothing wrong. The United States with all its boasted people, and think they are moral and as kind hearted as any people under the sun. Some people call it immoral to be divorced. I think it is immoral to be immoral than to fight all my life and be moral. Perhaps the people of the United States are not looked after by the clergy as they have here. There was a certain couple that did not live very agreeably, so their pastor went to visit them and get them in a good frame of mind and to live together happily. I became the pastor said, "you know you are both one now." One of them chirps up and says: "Indeed, Sir, if you were here sometimes you would find out we were half a dozen." Marital union has been established years ago, and no duty claimed on either side of the line. The American government and the Canadian government seem to make two old bachelor women, each one trying to get the better of the other. I would like to buy and sell where we can do the best. The American people seem to be away ahead of us in all useful reforms. I will just give you one example. When the young people in the United States wish to get married they often go to the square to get the knot tied. Well, in one neighborhood there four couples who wished to get married and they all agreed to go to the square the same evening, but somehow they could not find the nearest road, so it was quite late in the evening when they arrived at the square. The minister who had all gone to bed, but the good square sat by the store smoking, leaning back in his chair and his heels elevated on the back of another chair, making a figure something in the shape of the letter Y. As soon as the company got a little settled they told the square their business. "Why, youngsters," says the square, "it will take me until daylight to marry you all in single couples, but I will tell you what I can do for you all. So they were all willing. "Well then," says the square, "I will just marry you all in one batch, and then you can sort yourselves as you go home." That is what some people would call matrimony simplified. I never heard that their wits were much shaken. For the last time I heard from the four couples they were all living very happy. I suppose most of you would well wish to see for yourself that will favour commercial union. If our square had authority to marry, how very convenient it would be for young couples. I suppose the wife of the square and nobody know. I suppose we could deal and trade with the United States without losing our nationalities unless we were willing.

From Our Own Correspondent.  
Miss Mattie Davis, of Belleville, spent last week as the guest of Mr. W. Badgley. They arrived here per car. Miss Davis, having her friend, Miss C. McNell, for the last few days.

Scarlet fever has appeared in this neighborhood. Two of Mr. Wm. McFarlane's children had a slight attack but are rapidly recovering.

Shooting matches are the rage at present. They average two per week. At Mr. Dan Morden's last week some excellent shooting was done. Mr. Wellington Tripp made the highest score, scoring seven turkeys.

Mr. Harry Davis and Dorothy Johnson will leave for Michigan in a few days. We regret their departure as they were general favorites with the boys but we nevertheless wish them every success in Uncle Sam's domains.

The entertainment by the Literary Society was given last Friday evening as announced in a previous correspondence. The attendance was large, and quite a number were forced to content themselves with standing room. Mr. Charles Anderson very efficiently discharged the duties of chair-man. The recitation given on the programme was a quartette, "The Minute Gun at Sea," sung by the Messrs. Badgley and Messrs. Frost and Badgley, and was well merited applause. Mr. A. McFarlane then recited in a very appropriate manner "The Execution of Montrose," and was followed by a song musical number. The chairman considered by the Messrs. English. The next and principal event of the evening was the reader-

ing of a dramatic dialogue, "Among the Breakers," and though long, was not tedious and proved amusing, interesting and instructive. The characters, ten in number, performed their respective parts in an easy, graceful manner, and the frequent collisions of the rivals "Scud" and "Larry," excited the applause. Mr. H. Fairman then favored the audience with some lively airs on the violin, accompanied by Miss E. English at the organ after which Mr. L. Ross gave a humorous reading, and was followed by a solo, "Stay Angry Tide," sung by Miss Mary McLaren in a very creditable manner. The next was a dialogue in the negro dialect, given by Messrs. Ross and Sherman, who by their burlesque costumes and witty saying kept the audience in a merry mood for a quarter of an hour. Miss Nellie Emmons then sang "Mora-More" in a pleasing manner and with great effect. The programme was brought to a close by shadow scenes from a magic lantern, and which kept the juvenile part of the audience in ecstasies. A stirring national anthem the crowd dispersed, all well pleased with the evening's enjoyment.

The annual meeting of the stockholders of the Melrose Cheese Company was held on Tuesday, Nov. 29th. The President, Mr. Wm. McLaren, gave a minute report of business transactions throughout the season, and which was unanimously adopted. The season's make was 130,800 pounds, realizing Wednesday evening on the subject of \$14,234.20, or an average of nearly 11 cts. per pound. The amount paid per standard was \$27.92.

Mr. James Cameron, of the Central Depot, has commenced a great clearing out sale of glassware, crockery ware, and dry goods, all of which will be sold at and below cost during the holidays, or until these goods are disposed of. This is no clap-net announcement to draw trade; it is a genuine sale, as he intends to make very extensive alterations and changes in his store and premises during the coming winter, and to this end must clear out all this stock to give the necessary room. Here then is a chance for bargains not often offered. Two goods are of the best quality and the prices will suit all purposes.

We hope there will be a universal compliance with the snow by-law from the very start this season. The snow has been scraped off early in the morning before it is tramped down hard by the crowd. Last year several persons successfully defied the law, and never bent their back to a shovel. Let the authorities make no exceptions this year.

It is pleasing to see that farmers of the adjoining district are every day of greatly increased numbers to trade and transact their business in Deseronto. They all confess it is the best market for their produce, and are finding that our live business men who advertise in THE TRIBUNE can give them even better bargains than they find elsewhere.

On the wrecked steamer Scholten was a young English girl whose name has not yet been learned. Just before the steamer sank this girl gathered the five other English passengers on the bow of the vessel and asked them to keep in a group so that the English might go down together. In this simple act of a poor, unknown girl, the spirit of the imperial race was shown as vividly as it ever was in battle on sea or land.

The geography of the planet Mars is better known to astronomers than that of the polar regions of our own world. They have drawn maps showing the seas and continents, on its surface, and have observed that snow falls upon it in winter and melts away in the spring. Sig. Schiaparelli, an eminent Italian astronomer, has of late years discovered that the land surface of the planet is divided by great canals—thirty miles or more in width—and extending from the interior to the sea coast. He was surprised to find that these canals are extending and new canals coming into existence. He has made further observations before publishing his conclusions. It would appear that the inhabitants of Mars are busy developing water routes on an extensive scale.

The greatest bar to the growth and progress of Canada has been the refusal on the part of successive governments to grant universal suffrage. The wonderful progress of the United States has been more due to the liberal extension of the franchise to all classes than to any other cause. In this

country every man over twenty-one years of age who pays taxes—and every man directly or indirectly does pay taxes—should have a vote in municipal, provincial and Dominion elections. Not only should he have the privilege of voting, but he should be eligible to every office in the country, from Government General down to Dominion senator. Until such a change is effected Canada must expect to see her young men continue to emigrate in thousands to the neighboring republic.

**ADVICE TO MOTHERS.**—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

About 25,000 barrels of apples were exported from Prince Edward during the past year for which the farmers received \$40,000. It is unfortunate that the farmers of Hastings do not pay more attention to setting out fruit trees and thus secure a profitable source of revenue. In many parts of the State of N. York and in some sections of Ontario the farmers are paying great attention to grape culture. They have set out acres of their land with vines, and it is found that when once the vines begin to bear, the yield is large and in some cases the value of \$500 per acre. The land is not without value while waiting for the vines to bear, as it can be used for the cultivation of vegetables. Prince Edward County, and portions of Lennox and Hastings, especially along the Bay of Quinte and Napanee river, are well adapted for grape culture. There are many new branches of agriculture to which farmers might profitably direct their attention. It will not do to adhere too closely to old methods and pursuits.

### UTILIZING COARSE FODDER.

Corn fodder, straw, and even marsh hay at times, are the sole dependence for feeding. In such cases these inferior feeders must be made up by the addition of the richer foods which can be purchased and used at such a profit as will be satisfactory to the dairyman. And in feeding these coarser fodders, the use of roots with them will be found exceedingly valuable. The succulent roots being almost wholly digested, add very much in the digestion of the coarser fodder; and for winter feeding a supply of mangels or sugar beets will be indispensable for the most profit. In a simple way the use of malt sprouts steeped in water, which makes a sweet semi-liquid pulp of an agreeable odor, mixed with cut straw and corn fodder, has been found to keep up the yield of milk; and with a slight increase in the mixed meal, or ground grain food, to prevent any undue richness of both. Well cured corn fodder, or the stalks of the corn crop, cut before frost, or as soon as the grain has been gathered and stacked so as to preserve the greenness and sweetness of the leaves, has yielded, with the addition of a peck of sliced roots, so much and as good butter as that made from the best clover hay.—*American Agriculturist for December.*

### CHARACTER AND COMPOSITION OF CREAM.

Cream is the fatty portion of the milk which rises to the top when the milk stands at rest. The difference in the specific gravity of cream and milk necessarily causes this separation; indeed to some extent this separation is partially made in the reservoir of the udder, for it is a well-established fact, that the first drawn milk is less rich in cream. The cream rises more rapidly under certain circumstances, as when the milk is set in deep pails, in cold water, at a temperature of forty-five degrees, when all the cream is raised through eighteen or twenty inches of milk in twelve hours; while at sixty degrees it will require thirty hours to rise completely through three inches of milk in shallow pans. Also when the milk is distilled in a vacuum, it rises more quickly, because the milk becomes less adhesive. The low temperature of forty-five degrees density, which is at thirty-nine degrees, hence the cream is comparatively lighter than at a higher temperature. This fact is taken advantage of in the use of the deep pails and low temperature for setting milk for cream; an innovation which has been of great value in butter making. The cream raised in this manner is, however, more fluid, and has more milk mixed with it than that raised in shallow pans; but this

is also an advantage, because it is then in the best condition in respect of fluidity for the churn.—*American Agriculturist for December.*

## GENERAL ORDINATION.

IMPOING CEREMONY, IN CHRIST CHURCH, OTTAWA.

In accordance with announcement previously made, his Lordship the Bishop of Ontario held a general ordination at Christ Church, Ottawa, on Sunday, 11th inst., on which occasion six candidates for holy orders were ordained. Those admitted to the priesthood are the Rev. W. H. Stiles, graduate of St. Augustine's College, Canterbury, England; Rev. T. Smithman, graduate of St. Augustine's College, Canterbury; Rev. Robert Atkinson, graduate of St. Augustine's College, Canterbury; Rev. G. S. Anderson, graduate of Trinity College, Toronto; Rev. J. Robinson, graduate of St. Augustine's College, Canterbury; Rev. D. E. Jenkins, graduate of Gloucester Theological College, England. Those admitted to the diaconate were: Mr. Austin Smith, graduate of St. Augustine's College, Canterbury; Mr. C. P. Anderson, Literate; Mr. Richard Coleman, graduate of St. Augustine's College, Canterbury; and Mr. J. A. Shaw, M. A., of Dalhousie University, and graduate of Lennoxville College. The unusual interesting ceremony drew a very large congregation which listened with the greatest attention to the entire impressive ritual. His Lordship who officiated was assisted by Venerable Archdeacon Lauder, Venerable Archdeacon Bedford Jones, Rev. P. P. Crawford, of Brockville, Rev. W. Lewis of Prescott. The service opened with a prayer. The service proceeded with a reading of the Gospels, which "Through the night of doubt and sorrow" was sung. The sermon was preached by the Rev. W. Lewis, of Prescott, immediately after which the candidates were formally presented to the bishop who commended them to the prayers of the faithful. The Litany with special prayer for the candidates was then solemnly sung. The communion service was then begun, the Epistle being read by Rev. P. P. Crawford, Chaplain to the Bishop, and the service being fully choral; at the proper places in the office the deacons and priests were solemnly set apart by prayer and the laying of hands. Afterwards Holy Communion was administered to the newly ordained. The choir was very efficient and rendered the service in a manner equal to any Cathedral Choir in England. At the conclusion of the service the newly made and others of the clergy returned to the vestry room, where each ordained priest and deacon received his Lordship's congratulations.

## MOCK PARLIAMENT.

There was a fine attendance of members of the Mechanics' Institute in the town hall on Tuesday to organize the Mock Parliament. Mr. Field took the chair and Mr. Deane acted as Secretary. Mr. C. A. Brown presented the report of the committee on the constitution of the Parliament. The report was generally adopted, and the constitution may be briefly stated as follows:—A ticket of the Mechanics' Institute for 1887-8 qualifies for membership; rules of procedure, Todd's Parliamentary Companion; members to draw marked ballots which fix their party; Cabinet to consist of seven members; Thursday night meeting; all members over expenses and books or papers purchased to be given to Institute; notices of motions, &c., to be posted in Institute and published in TRIBUNE. The members proceeded to draw tickets marked Conservative, Liberal and Independent, with name of constituency with following results:

CONSERVATIVES.—Bedford, W. Peterboro'; Geo. Evans, N. Ontario; Chapman, Halifax; Wm. Northmore, Ottawa; Malley, Pontiac; A. J. Bogart, P. E. Edward, Jr. Allen, Mont-real E.; Woodall, Toronto; Wm. Evans, Ottawa City; Wm. Kixon, Ottawa City; Wilson, W. Hastings; Field, Kingston; Gaulin, Winnipeg; J. Woodcock, Quebec Co.; W. A. MacLeod, Quebec E.

LIBERALS.—Russell, Dupuis; Browne, Victoria, N. S.; Howell, S. Lunenburg; Stornott; E. Dunn, Welland; Wm. Lambton; Sutherland, St. John; A. A. Richardson, Huron; Grestix, S. Simcoe; Vallau, S. Dunn, London; Millener, S. Renfrew; Jas. Stokes, Russell; Foster, Quebec E.

Hon. Messrs Bedford and Russell were elected leaders of their respective parties, and the lot falling to the former to form a government, the following were chosen the first cabinet:—

Hon. Mr. Bedford, Premier and Minister of Justice.  
" Dr. Allen, Minister of Finance.  
" Mr. Malley, Postmaster-General.  
" Geo. Evans, Minister of P. Works, Railways and Canals.  
" Wm. Evans, Minister of Marine and Fisheries.  
" G. Field, Minister of Agriculture and Education.

" J. F. Chapman, Minister of Interior. On the opposition side Messrs. Russell, Richard, Wm. Bick, Browne, Vallau, and Grestix were chosen as prospective ministers to criticize each of the above. For Speaker, the government proposed Mr. Howell (S. Lunenburg) a member of the opposition. The opposition leader suspecting sinister designs nominated Hon. Mr. Millener (London), and the latter was chosen for that dignified position. The Speaker took the chair and Mr. T. Stokes was chosen Sergeant-at-Arms. The meeting then adjourned to meet in the town hall on Thursday evening, 22nd inst., when the Speech from the Throne will be read and the government policy announced.

## SCHOOL EXAMINATIONS.

The Examinations in the two lower divisions of Deseronto School was held on the afternoon of Friday, the 9th inst. There was more interest manifested on the part of parents and others in the examinations of the rooms, this year, than on former occasions, a large number being present. The completion of the lowest division, taught by Miss Clark, was a satisfactory, the pupils showing that they had been well and carefully taught. At the close the pupils gave some recitations in a manner which quite convulsed some of the visitors with laughter.

The examination of Miss Forfar's division was very good indeed, the pupils evincing that they were thoroughly familiar with the work gone over. The pupils gave some recitations and sang a number of pieces in a manner creditable alike to teacher and themselves. Rev. Mr. Campbell attended the examination in both rooms, and he and Mr. Inspector Johnson expressed themselves as highly pleased with the exercises throughout. We all regret to hear that Miss Forfar who has been in this department for two years, severs her connection with the school at the holidays to attend the Normal Model school, Toronto. The examinations in the next three divisions will be held on the afternoon of Friday the 16th. The examination of Mr. Emerson's room will be on the afternoon of Tuesday, 20th inst.

## CHAPTER VIII.

There was dead silence in the railway carriage as Mr. Shaw, on Mr. Beresford's suggestion, made a thorough search into every corner for some clue to the means by which they had been stupified before the perpetration of the robbery. But Mr. Beresford was not satisfied with that, declaring that there was nothing further for them to discover, sat down.

"We have been under the influence of a narcotic, probably chloroform, and there must be some trace of it about. Why, the air is heavy with it still," said he; and the crippled gentleman set his own little detector to work, and Miss M'Leod obediently passed her hand along the seat until, when she got to the other end of the carriage, she suddenly cried: "There is a large stain here, on the cushion behind Mr. Blair's head. And it is wet."

Every one but the cripple looked, touched, sniffed; the sickly odor, which had enveloped them all came from that spot, where the light drab cloth was stained a darker tint for the space of some two feet square, and even as they looked the stain was slowly spreading.

Miss Blaine, Miss M'Leod, and the girl, while, fascinated, the eyes of the rest followed every movement of his fingers. Mr. Shaw felt somewhat hard just at the moment where the cushioned side of the carriage protrudes to accommodate the head and back of the traveller. A little further examination discovered a neat slit along the line made by one of the straight creases in the cloth leading to a button. By means of this slit a flat glass bottle had been introduced into the stuffing of the cushion, just far enough from the end of the carriage not to communicate with the head of the person who might sit in the corner. Blair, roused by the discovery from heavy slumber into furious excitement, wanted to put the bottle out; but Mr. Shaw prevented this.

"We had better leave it just as it is," said he gravely. "Everything depends on finding how, when, by whom it was put there. Look, the bottle has been placed on one side, and the cork is there, only out of the bottle. Wonder what the cork is for. To prevent our finding out how it was put in, or how it might be taken out, I should say, breaks in Mr. Beresford. The cork was probably put in that the jolting of the train should gradually force it out, which cannot have happened until after we left Amiens, as we none of us felt sleepy till then."

"I cannot understand when the bottle was first introduced. It must have been taken some time, for everything has been done so neatly, yet it must have been put there after we had taken our seats."

"Did you leave your places before the train started?"

"Yes, for just enough time to go to the buffet."

"Ah, that's it! You were watched, certainly by more than one person, probably by half a dozen."

"But we got the guard to look the door."

"That may make the search easier; but perhaps some one may have been seen to unlock it and enter the carriage."

"But it was still closed when we returned?"

"Still, it must have been during that absence that the mischief was done, for you never left the carriage again except at Amiens, where the porter who carried the bag was the guard, who helped Miss M'Leod out and stayed talking to me until she got in again."

"But talk as they might, and as they did, until they got to Calais, there was no other conclusion to come to, than that the unseen robbery which had been committed in their very presence was, in the eyes of the view, impossible; and poor Blair, in spite of their assurances that the telegram to Lord Bingley would reach him in time for the stop payment of the notes, was scarcely saved by the time the train drew near to Calais. He showed a dull surprise when Mr. Shaw, whom in this emergency, he leaned helplessly, expressed his intention of adhering to his acceptance of Mr. Beresford's invitation to 'Les Brouaux' to-morrow."

"Then I will come into Calais to-morrow and go back to Paris if necessary, and make a regular British fuss about the matter, and have all the officials of the line questioned and kick up such a deuce of a row about it that they shall arrest somebody, if only for the sake of getting rid of me. And you, Blair, must not lose a moment's time when you get to England in going to Lord Keighley, wherever he may be, and insisting upon seeing him at once even if he is in bed."

"If I ever reach England," said Blair, in deepest despondency.

For one moment the blank stare of hopelessness in the unhappy man's eyes seemed to make his friend heart sick, but only for a moment; then he laid his hand upon Blair's shoulder with a heartiness which made the touch almost a blow. "Come, pull yourself together, man. This is not the sort of misfortune one who is only ruddy pink, and work as energetically on your side of the Channel as I will on mine, will ever make me any more than a laughing stock to my friends and save our character as men as my name's what it is."

The genial heartiness of his tone did seem to revive the old man's spirits a little, and as the train drew into the Calais station he began to roll up his rug with the air of a man who entertained the possibility of his wanting it again.

The telegraphing along the line had already done its work; as at Boulogne, the train on both sides of the train were thronged with men, some in police or railway uniform, some in blouse, all somewhat evidently on the watch for some one who visited each compartment for tickets during the course of the journey had assured Mr. Shaw, it was clear that no person leaving the train after the robbery was once more known could cross to England that night without leaving a minute description of himself or herself in the hands of the police. As an extra precaution the letter-carriers in the stations of Boulogne and Calais and their neighborhood were instructed and a police-officer told off at each telegraph-office to take note of the despatches which might be sent through them. With this, and the stopping of the train, and before any of the passengers were allowed

to descend, the guard who had travelled with the train, accompanied by the Calais station-master and an officer, came up to the door of the compartment where the robbery was alleged to have been committed, and after the last had taken down notes of the circumstances, the four occupants of the carriage in turn, he asked most respectfully whether, considering the grave nature of the loss sustained, and the exceptional character of the whole occurrence, they would one and all submit to be searched, the gentleman where they sat and in his presence, the lady in the hotel attached to the station, by two respectable women who were there waiting his orders.

Mr. Shaw was the only one of the four who objected to this infringement of the rights of a British subject, even Miss M'Leod's dignity being covered by a sense of the strong necessities of the case. But on the officers politely putting it to his good sense whether he would consent to be searched, he said he would not, but he would consent to be searched by the two respectable-looking women who received her and led her in.

The rest of the passengers were then allowed to leave the train, and the guard having quitted the suspected compartment, a second policeman got in, and the three who remained, Mr. Shaw, Miss M'Leod, and the girl, were searched, and their property and their persons in the presence of the station-master. The very lining of their hats and boots was examined, the sole and heels of the latter cut into, not a stitch or a button left unnoticed. As for the personal luggage which each had laid aside, it was all searched, both Mr. Shaw and Mr. Beresford offered to leave theirs until the morning, as the carriage was to be locked and guarded for the night. Blair's bag and bag were given back to him after examination, and the three then descended to the platform, where they found old Pierre, who was running off his master's death, and his own consequent descent to the paragon in which Mr. Beresford's hard Keighley mystery, and the possessor of the picture, M. de Breteuil.

The three gentlemen proceeded straight to the buffet of the Hotel de la Gare, where poor old Blair but for the restraining influence of his friend, would have refocused himself to the point of forgetting not only his loss, but the journey he had still before him. A very few minutes, with the assistance of the station-master, he had recovered sufficiently to take stock, according to his habit, of the people around him; and perceiving at table near him a very beautiful woman, attended by a neat-looking maid, he instinctively drew himself together, cocked his hat, and twirled his white moustache, with happy indifference as to the effect of his bearing should impress.

"Deuced fine looking woman that," said he with a tone and look which recalled caricatures of the "old beauty" of the Regency.

"Yes, very handsome," assented his less sensitive friend, with a glance at the lady, which took in more than the beauty which had attracted the other.

Mr. Beresford, sitting on a chair behind the buffet, was looking in the same direction. Noticing that Blair thought his own comment worth repeating to him. "Yes," he answered. "And, if I am not very much mistaken, she is a woman I had pointed out to me in Paris some years ago, when she was, I fancy, in not quite the same circumstances as she appears to be now."

Scarcely a scandal, Blair drew nearer; but he was disappointed. For Pierre came doddering up at that moment, to tell his master the carriage was waiting for him at the station; and Mr. Beresford, with an apology for offering his left hand to Blair, and with kind expressions of hope that the lost money would be recovered, left the buffet on his servant's arm, begging Mr. Shaw not to hurry his leave-taking with him, and to be himself about a long time making his slow way to the carriage. He had scarcely left the buffet, when Gerald Stanton came in from the opposite direction, accompanied by Miss M'Leod, who had just been through the ordeal of being searched. He walked straight up to the lady who had been the object of so much admiration, watched by the two Englishmen.

"Mr. Beresford has arrived, madame," said he in English. "That is the house-keeper, as I thought. She is too shy to come up and speak to you."

Madame de Lancy had been waiting with Gerald for the arrival of her husband, whom she was anxious to see. The young fellow had left her on catching sight of Miss M'Leod, as also was conducted through the room into the hotel, and when the latter appeared after the search, she gave him full details of the robbery which had taken place, giving a rough outline of the occurrence to Madame de Lancy, when, meeting the eyes of Mr. Shaw fixed full upon him, she started, hesitated, and then, making a step forward as the elder man did the same, found his hand grasped with a warmth of greeting he had not known for years.

"Mr. Shaw!" "Gerald, my boy!" said they at the same moment, and wrung each other's hand a second time without more words. Gerald, father and Mr. Shaw had been firm friends for many years, and the latter had been the very last to yield to the universal belief in Stanton's guilt; that he had yielded to it at last, Gerald knew; and the knowledge sent a shaft of reproach from his mild brown eyes.

"Why have you buried yourself away from me all so long? It was not kind of you, Gerald. You want to see old England again?"

"You know why I came to France. M. Shaw! I said that I had cleared my father's name. For the last year I have all at once given up the hope of ever doing any one of the other, until—until to-night."

And the young fellow, who was much excited, glanced with passionate gratitude, which could not fail to strike

Mr. Shaw's attention, at the beautiful lady, who was still sitting at the table beside which he had been standing when he caught sight of her. He looked at her with a look of surprise, and a great change had passed over her during their brief greeting, that she was no longer the same person. He looked at her with a look of surprise, and a great change had passed over her during their brief greeting, that she was no longer the same person. He looked at her with a look of surprise, and a great change had passed over her during their brief greeting, that she was no longer the same person.

"I want you to introduce your friend to me," said Mr. Shaw, looking at the beautiful lady, who was still sitting at the table beside which he had been standing when he caught sight of her. He looked at her with a look of surprise, and a great change had passed over her during their brief greeting, that she was no longer the same person. He looked at her with a look of surprise, and a great change had passed over her during their brief greeting, that she was no longer the same person.

"The young fellow was so much startled by her abrupt and unexpected vehemence, that for one moment he hesitated, but he laid still on his shoulder, moved impatiently.

"Your father—think of your father," she went on, her eyes fixed full upon him, "faster, by knowing your father's friend."

"Mr. Shaw," said he, "Madame de Lancy's voice will introduce you to her. She has been kind enough."

But the lady was too impatient to stand upon ceremony; she held out her hand as the first mention of her name, and cut Gerald short by saying: "I am very sorry to hear that you have been the victim of a serious robbery. I sincerely trust that the thieves will soon be discovered."

"You are very kind. I sincerely trust so," said Mr. Shaw, but my friend, who is the victim."

"Judged," said Madame de Lancy, whose interest in the robbery seemed hardly as strong as her own. "A most extraordinary thing—in fact a most mysterious affair. My friend goes to Paris, charged with a commission from an English nobleman, and certain pictures, and is met at a matinee, at the sale of a Parisian millionaire. He carries with him a very large sum of money. But discovering the painting to be a mere copy, he starts on his journey back to England with the money still in his keeping. He is stopped by a man at the first mention of his name, and cut Gerald short by saying: 'I am very sorry to hear that you have been the victim of a serious robbery. "Judged," said Madame de Lancy, whose interest in the robbery seemed hardly as strong as her own. "A most extraordinary thing—in fact a most mysterious affair. My friend goes to Paris, charged with a commission from an English nobleman, and certain pictures, and is met at a matinee, at the sale of a Parisian millionaire. He carries with him a very large sum of money. But discovering the painting to be a mere copy, he starts on his journey back to England with the money still in his keeping. He is stopped by a man at the first mention of his name, and cut Gerald short by saying: 'I am very sorry to hear that you have been the victim of a serious robbery. I sincerely trust that the thieves will soon be discovered.'"

"You are very kind. I sincerely trust so," said Mr. Shaw, but my friend, who is the victim."

FRIDAY, DEC. 16, 1887.

## SHANNONVILLE.

From Our Own Correspondent.  
The Misses Knapp, of Kingston, are visiting their cousin, Clara Davidson.  
Mr. O. Honey, formerly teacher of our public school, was in the village renewing old acquaintances, on Monday and Tuesday of this week.  
Mr. T. Lyne, of Trenton, was visiting friends in this place last week.  
Mr. T. Appleby left for Minnesota on Monday evening last.  
Mr. R. E. Fagan, of this village, is carrying on the furniture and undertaking business at Milltown, which was formerly conducted by his father, the late S. F. Fagan.  
Rev. Mr. Browning, of Belleville, delivered an excellent discourse in the Methodist Church on Sunday evening.

## MELROSE.

From Our Own Correspondent.  
The annual meeting of the Melrose Branch of the Upper Canada Bible Society was held in the Literary Hall on Monday evening, Dec. 5th. There was a good attendance showing that a lively interest is taken in the work carried on by the Society. The Annual Report was read by the Secretary, Mr. Alex. McLaree, Jr., and was received and adopted. The election of officers, and the appointing of collectors for the year was proceeded with, after which the Rev. Mr. Young, of Belleville, agent of the Society, delivered an eloquent and instructive address which was listened to with marked attention. A collection in aid of the Society was taken up at the close of the meeting.

The McKinney Bros. who intend dealing quite extensively in the wood and cedar business this winter, have engaged Mr. H. Demill, Wm. J. Davis to work in their swamp on the 15th concession. They moved into their winter quarters last week, and are now busily engaged in felling the monarchs of the forest.  
On Sunday, the 11th inst., Miss Cora Morden, eldest daughter of Mr. Richard Morden, died of a lingering illness, of disease, consumption. All that human affection and medical skill could accomplish was done, but to no avail, the hand of death had too firm a grasp. The funeral took place on Tuesday and was largely attended, the Rev. Mr. Sanderson conducting the funeral services. The heartless sympathy of the community is extended to the family in their sore bereavement.

## READ.

From Our Own Correspondent.  
Preparations are now being made for an entertainment to be held in the hall about Christmas on which occasion it is expected that the Deseronto Dramatic Association will render valuable aid. In the past many successful entertainments have been held here and we have no doubt that the approaching entertainment will be of a superior order. An active and energetic committee have the matter in hand.  
Mr. Charles Collins, of Huntingdon, has purchased Mr. Edward McKinnay's farm, lot 16, north range, 10th concession.  
Mr. Edward McKinnay has removed to Deseronto where he intends to reside.  
Mr. & Mrs. James Walsh do not intend leaving for the usual after the Christmas holidays. They purpose visiting their relatives and friends in this neighborhood next week. This week they have been visiting in Richmond.

## TYNDINAGA RESERVE.

From Our Own Correspondent.  
Miss Lizzie Hill, a member of Christ Church choir, accompanied Mrs. Dexter, of Deseronto, to Akron, Ohio, for the winter. Santa Claus is expected on a visit to his relations and other friends who reside in this vicinity.  
We are pleased to notice the return of Miss Susan Maracle from Branford, much improved in health.  
Many of our young men propose going to the shanties after the Christmas holidays. Scarcity of fodder and general hard times drive out those who never before ventured from the home fireside.  
Practice for Molawak Singing at Christ Church on Christmas day, goes on regularly. A strong choir will take part in the service on one of the greatest feasts of the Church. Levi Brand has renovated his house giving it a tidy appearance. Levi is one of our most thrifty young men, and always had an eye for comfort.  
Much has been done of late by Molawak and Township councils to improve the roads through the Indian woods. There is still room for improvement especially on the bridges across Mud creek.  
The Christmas Sunday School festival for 1887 will be held in the Council House on Monday evening the 26th inst. Entertainment to consist of a first class Magic Lantern Exhibition and distribution of gifts to the children. A meeting of those interested has been announced to be held in the Central School on Saturday, the 17th inst. at 1 p.m. to complete arrangements.  
The idea we suggested last week of making some remuneration to the veteran musician, Thomas Clark, for his faithful services in the past, has assumed a substantial shape. An entertainment to raise funds for the purpose will (D.V.) be held in the parlour on Thursday evening the 29th inst. Oysters, Corn Soup and other delicacies of the season will be served by the ladies of the Executive, after which there will be vocal and instrumental music. Admission 25 cents.

## MILLTOWN.

From Our Own Correspondent.  
Your correspondent felt, it seems, has been from up but with the recent rains has thawed out somewhat.  
Our village has been thrown into considerable excitement by the almost murder of John Graves. The latter had a rally in his brother's blacksmith shop, when through some dispute Sam Reid brutally beat him. Graves, almost dead and senseless, was then helped across the road and laid, then with some delay the Dr. had little hope of his recovery and strange to say no accretions were made until the patient was able to about noon, when Constable Johnson, of Belleville, took the case in hand and on the

sixth of this month arrested Reid took him to Belleville, and under the plea of chronic quinsy, Johnson could not find it in his heart of hearts to put the prisoner in the cells so to let him alone with him and gave him a comfortable bed and board. The next morning his friends appeared in his behalf and the prisoner was released under heavy bail and to appear the following Monday. At the time of writing your correspondent has not heard the result of the trial.  
An old landmark gone, a horse, owned by T. D. Appleby, had it lived till next spring would have been thirty nine years old. It died last week and six days before its death went to Belleville in an hour and a half, a distance of ten miles.  
Once more the waggish faces of our logs in our midst, they have all returned from Ganungue.

Mr. Mananche Howell, of New York, is visiting at her uncle's, T. D. Appleby.  
Patterson Fagan has been repairing his footy, building a new bulk head, and repairing the water wheel, he will now be able to cast and run the other machinery without the aid of steam.

Mr. Wesley Reid recently bought the Roberts property and thither brought his newly made wife.  
Since writing news of the trial between Graves and Reid have reached us. Reid got scot free. The people in general think it a gross injustice. The Constable did not have a single witness not even the Dr. Reid did not deny the charge and even offered to pay all expenses, that is before the arrest. It did last week and six days before its death went to Belleville in an hour and a half, a distance of ten miles. It is like living among the Blaziers.

## LONSDALE.

From Our Own Correspondent.  
On the 7th inst. Mrs. McCullough, of the 4th con., aged over 50 years, mother of Mr. Jas. McCullough, Lonsdale, met with a serious accident by falling down cellar, and breaking her arm and ankle. We are glad to hear she is doing better than could be expected considering her age, under the skillful treatment of Dr. Keeler.  
John Doyle, son of Thos. Doyle, of the 3rd con., North Range, with two others were driving in a buggy on the 7th inst. when the horse started and ran away throwing the occupants out. John was insensible for some time and thought to be fatally hurt but we hear is fast recovering.

Although all cry hard times the late rains have given a good supply of water and Mr. Howell having lately put double rollers and other improvements in his mill we see a good rush there.  
Mr. McCullough and his clerks are daily busy supplying his customers and our different mechanics are working day and night to fill orders.

The church is also preparing to have a pleasant and enjoyable time during the holidays. The Sunday School of the Methodist Church, Lonsdale, have decided to have their Xmas tree on Saturday night, the 18th inst. a pleasant and interesting time is expected. They invite all, and a tea meeting is to be held in the Methodist Church, Lonsdale, on the night of the 25th inst. The proceeds to be applied in paying the balance on the new organ lately placed in the church. A number of Rev. and gentlemen, M. P., M. P. P., and others have been invited to address the meeting and with vocal and instrumental music and no pains spared to make the entertainment interesting. A number of ladies are expected. Our esteemed friend, Mr. Robert Winters, has returned after several weeks very pleasantly spent visiting friends in Uncle Sam's land, and now making visits with friends in these parts for a short time after which we expect to have him again settle in our village.

## MARYSVILLE.

From Our Own Correspondent.  
Mr. John Corrigan, who has been very ill, is recovering rapidly again.  
Miss Jennie Ryan, of Napanee, spent Sunday at her father's home here.  
The late Mrs. J. Nealon who died at St. Jo, Mo., recently had many warm friends in this place who regret her early demise.  
Mr. Robt. Corwin, of Picton, and Miss J. Nealon are visiting at the home of Mr. Jas. Corwin.  
Mr. Chas. Anderson and sister, of Bradford, Pa., called home last week to see how they were getting on. Mr. Anderson was seriously ill, but we are pleased to learn that the old body, who is eighty-three years of age, is on a fair way towards recovering again.  
J. M. Deane, who is a candidate for the majority of Toronto, was born and reared in this place, and there are many here who are proud to be successful.  
We notice that Mr. James Ryan, of Deseronto, often comes out here lately. Jim says he is about starting out on a deer hunt, but we are thinking that he is already on a deer hunt.  
Mr. Jas. Sweeney and Miss Annie Farrell, who formed a life partnership about a month ago, are about returning to Belleville, where Mr. Sweeney will follow his trade.  
Mr. J. H. Riley, formerly an employee of the T. R. here, and now a resident of Trenton, was married at the latter place last week to a young lady named Davis.  
We congratulate T. Turner on his increased facilities, &c., and hope that it may yet become a full-fledged daily.

Maryville, although a small country village, is having the most successful season in its history, extending over eighteen years. Its graduates are equally successful, and herein lies the secret of the prosperity of the College beyond all similar institutions. Scores of young men from Deseronto and vicinity are sending their successful graduates. Send for circulars. W. B. Robinson, J. W. Johnson, F.C.A., Principals.  
A lady wants to know why the corporation or business men do not get a better crossing shovelled clean in muddy weather. Some business men are losing custom by neglecting this little matter.

## PERSONAL.

Mr. Sidney Cook has been visiting at Belleville.  
Mr. A. S. Vallance spent Wednesday in the City of the Bay.  
Mr. & Mrs. E. W. Rathbun are spending a few days in Toronto.  
Miss Wm. of Belleville, was in town last week visiting friends.  
Councillor Cameron was in Belleville last Wednesday on business.  
Mr. James Gordon, of Lonsdale, gave us a pleasant call on Tuesday.

The *Intelligencer* says that, "Mr. Wm. Johnson has, in addition to his other duties, been appointed Inspector of gas and gas meters at Deseronto, with an addition of \$100 to his salary, dating from January 1st 1888. This appointment has been earned by faithful and efficient service, as it was unobscured."

It is reported that the Dominion Government will make an appropriation towards the erection of the bridge over the bay at Belleville. Picton will be pleased by a grant to remove some mud from the bottom of its harbor, while Deseronto and Sophiasburg will in turn be appalled by a grant for the construction of a railway and carriage traffic bridge across the bay.

Miss Warriman is at present showing a fine assortment of Felt and Push Hats and Bonnets in Ladies', Misses' and Children's, and offering the lot at half the usual price. The actual price of the Hats and Felt Bonnets will be sold far below the regular price. Call early to secure bargains.

The stmr. Southern Belle was successfully hauled out of the marine railway of the Deseronto shipyard last week to undergo complete repairs during the winter. From Mr. Wilson, who in the capacity of engineer, has been for fourteen years connected with this steamer we gather the following facts which will be of general interest. She was built by Messrs. Scotland & Sons, Glasgow, of the London works in the year 1861 and received the name *Rothsay Castle* by which designation she was known for many years. She was designed with a view to great speed and on her trial trip attained 21 miles an hour. She continued to run on the Clyde and adjoining waters for two or three years, until she was purchased as a blockade runner during the American civil war. She made several trips between Charleston and Nassau, netting her owner large sums as the result. On one occasion she was nearly captured by the American cruisers and received one or two shots in the hull from a frigate, but her great speed enabled her finally to effect an escape. After the war she came to Halifax where she was purchased by Capt. Leach who placed her shortly after on the route between Toronto and Hamilton. In 1869 she was placed on the route between Southampton and Glasgow, New Brunswick, where she ran for several years being subsidized by the local government of that province. During the winter of 1873 while laid up at St. John's she was destroyed by fire nothing being left but her hull. She was rebuilt and in 1874 returned to Toronto where Capt. Leach ran her until 1876 when she was sold to a company and her name was changed to *Southern Belle*, being employed chiefly in excursions from Toronto to Niagara and other points on the lake. She has steamed from Toronto to Niagara in two hours and three minutes, but her average time was two hours and ten minutes. For the past eight years she has been making two trips a day. A few weeks ago she was purchased by Mr. Silcox and others who may place her next season on the route from Belleville to Charlotte. During the winter Mr. Evans will give her a complete overhauling, hull and all, so that in the spring she will be almost a new vessel.

Don't Know People.

There was a man in our Store this week who said he did not know that we kept Clothing. When we showed him our stock of Clothing and Tweeds and the work we were turning out he was sorry that he had not found our Tailoring Department sooner. Now, as this is the time of year that everybody is buying, for fear some one might come in and say I did not know that you carried such and such lines of goods we will give you a list of our Leading Departments in which you will find a carefully selected stock at rock bottom prices.

Tailoring Department.  
Millinery Department.  
Dress Making Department.  
Dress Goods Department.  
Fancy Goods and Small Ware Department.  
Gents Furnishing Department.  
Carpet Department.  
Fur Department.  
Mantle Department.

These are leading terms.—We have not room to subdivide them in the small space of one column but we can assure you that special attention is given to each one and each one is replete with its own quota of Bargains. As we told you last week we have spared no pains or trouble in seeking out the cheapest markets and the finest goods for the Holiday trade. If you are in need of a suit of Clothes or an Overcoat, if you are in need of a Dress, if you are in need of a Hat, if you are in need of a Fur Cap, Coat or Robes, if you are in need of Clouds, Fascinators, Tuques, Gloves, Mitts, Hosiery or Corsets, (in linen and silk) Underwear, if you are in need of Flannels, Blankets, or Woolen Goods of any description, or if you are in need of Carpets, Curtains, Oilcloths, Mats and Rugs, we ask you to call. Don't neglect it in your own interests. We might quote prices that would convince you but we will only say that the prices are as low as it is possible to make them. You will say the same thing when you see the quality of the goods. Remember we don't guarantee our prices lower than everybody else, because a poor quality of goods is always cheaper than a good quality. Our aim is to keep the best of everything. We do guarantee that taking quality into consideration our prices are the lowest.

There being no other nominations for Reeve W. R. Aylsworth, was declared re-elected. During the meeting the Reeve gave a statement of the finances as follows:

He then outlined the course of the retiring council and proceeded to explain the desirability of a High School in the village also of the incorporation of the village into a town. He explained how the members of county council from the back portion of the county were unwilling to grant equally the funds proportionate to Deseronto and how a separation except as for electoral and judicial purposes would while involving very little more expense be of great benefit.

Mr. E. W. Rathbun following, expressed his approval of both schemes, his pleasure at the amiable position the village occupied as to debts and finances, and advised caution for some months to come in view of the money stringency and the difficulty there might be in floating the debentures at a low rate of interest. The concern he represented and which nearly all present were identified with, were desirous of taking a hand in helping forward the school project and would when the proper time came deed three lots for the purpose in a desirable locality. A. A. Richardson next spoke in a similar strain followed by Messrs McLaughlin and Cameron when the proceedings terminated.

At a subsequent meeting of the candidates the newly proposed rates, and the old council was elected by acclamation. The official declaration will be made Jan. 3rd, and the members sworn in Jan. 16th.

### MARINE NOTES.

"Marine Items" are very scarce this week.

The "Puritan" is fairly chaffing at the opposition it is meeting with.

The "Deseronto" has got her back up.

The "Southern Belle" is entirely out of her element.

The "Reliance" after a successful season's work is peacefully resting on the ways, scheming how to make even faster time next year.

The "Armenia" like her gallant captain is secure and happy at its moorings to a "Belle."

The "Resolute" proud and conscious spurns the kind attention of Commodore Evans and retains its position on the bosom of the mighty deep.

The "Piercing" where is it?

The "Cibola" named to please the aesthetes to taste of Trollopianism if she does not depart from her early bringing up may make a record for herself.

The "Rescue" while it may be said to have had a "Row" on board all summer is now at peace with all the world.

If the waters did overflow the "Niter" that was nothing unusual. The captain took his Daley walk notwithstanding.

If the parliament of Deseronto resolves on the titing out of two cruisers for the protection of the Bay of Quinte fisheries. What more formidable ones could be chosen than the "Anglia" and "Water Lily."

The annual election for School Trustees apparently excited unusual interest. Quite a large number were assembled in the Town Hall at noon. About fourteen candidates were nominated, of whom three selected by an unanimous show of hands Mr. R. Reynburn was re-elected; after which the remainder were disposed of by a corresponding number of tickets, of which two only were marked "Trustee," the fortunate drawer of each ticket being declared elected.

The fortunate two were Messrs R. Geddes and John Dalton, who take the places of Messrs. Jas. Whitton and D. R. McKee, whose term of office has expired.

### CANADIAN LIVE-STOCK AND FARM JOURNAL.

We have just received the *Canadian Live-Stock and Farm Journal* for December, and as usual it contains much valuable information for the general farmer. It is now in its fifth year of publication, and though started as a 20-page monthly it has gone on steadily increasing in matter and interest, as well as in size, until now it appears as a 32-page monthly. It claims to have no superior in any of its departments—viz: Stock Raising, The Veterinary, The Farm, The Dairy, The Poultry, The Apiary, Horticulture and The Home.

We do not hesitate to recommend it to our patrons as the leading farm paper of its class in Canada. The subscription price is \$1 per annum in advance. Farmers not subscribers are requested to call at our office and see it, or to send for sample copies to the publishers, at Hamilton, Ont.

We can furnish it and our own paper together for 1888, for \$1.00.

### SAINT VINCENT DE PAUL.

At the Church of Saint Vincent de Paul services were held as follows:—

Christmas morning at 9 o'clock.

Tuesday afternoon at 4 o'clock.

Christmas, confessions.

Wednesday morning 8 o'clock.

Mass—The following relief officiated: Rev. Father McDonough, Cicolari and Hartigan. Large attendance on each occasion. It is the intention of the congregation to procure a handsome organ at a not distant date.

### CHURCH OF THE REDEEMER.

Christmas Morning Service was largely attended. At its close, the congregation and pastor exchanged Christmas greetings.

At the Evening Service, a Choral Service entitled the True Light, was rendered most heartily and profitably. The choir gave ample evidence of painstaking preparation under the training of their organist, Miss Borthwick.

The Sabbath School held its afternoon session, when books were distributed to all serving scholars, and fruit and candies to all.

Rev. Mr. Young conducted Preparatory Service on Wednesday evening for the quarterly celebration of the Sacrament of the Lord's Supper next Sabbath, the opening of the year.

Annual Business Meeting of the congregation on Tuesday, 8th January, at 7:30 p. m.

### DON'T

Let that cold of yours run on. You think it is a light thing. It may run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.

### FORESTRY REPORT.

We have received a copy of the Forestry Report of 1886, compiled by the instance of the Government of Ontario by R. W. Phlips, Toronto. It contains:—

1. A statement of the amount of fire wood yet standing in our settled country, being based on reports from 160 townships.

2. Descriptions of Forestry examinations of two townships—one north and one south—with opinions of most farmers resident therein, and details of observation as to effect of clearing, influence of wood on crops, and value of trees as wind-breaks or otherwise.

3. Correspondence and observation with reference to the pine forests of Ontario, giving descriptions of present method of management, and suggestions of possible improvement.

4. Information as to the progress of Forestry in Ontario, both original and selected, with details of new plantations here, and experiments made.

5. Work done during the year, and recommendations as to further steps desirable to be taken in the interest of Forestry, both in the farming and lumbering districts of Ontario.

The whole report bristles with information and invaluable suggestions with which every farmer and lumberman, and in fine all who are interested in the preservation of the forests of Canada, should be acquainted.

Mr. Phlips has done his work carefully and successfully and our country is greatly indebted to him for his labours into which he enters cordially *con amore*. Persons can secure copies of the report free of charge by sending their address to Mr. Phlips, 221, Richmond st. E., Toronto.

Respectfully,

R. W. PHILIPS.

FRIDAY, DEC. 10, 1887.

## HAPPY NEW YEAR.

Before another issue of our paper 1887 will have passed away. To many of our readers in common with ourselves it has been a proud and happy year, to others it has not. Let us venture the wish that 1888 may indeed be a leap year; that all the enthusiasm we possess as citizens may be developed, that we may look ahead, not backward, and at least cultivate our minds to the thought that we may aspire before long to such needed measures as water works, public cemetery, high school, town hall, market, custom house and postoffice. Unless we suffer ourselves to be eclipsed by our neighbors, communication by bridge with Prince Edward County is only a question of time, and as the enterprise of the village manifests itself as above, so much more will be the probability of success. In other words, let the public spirit of our citizens be more developed, and in conjunction with the energy now displayed in its own manufacturing interests Deseronto will soon be a city—yes, "The City of the Bay."

## SHANNONVILLE.

**FROM OUR OWN CORRESPONDENT.**  
Mr. & Mrs. T. F. Morden, Bloomfield, spent Christmas at her father's, Mr. T. Crepper's. Their many friends in this place were pleased to welcome them to their midst once more.  
Mr. A. Roberts, Belleville, accompanied by his friend Mr. Lyons, spent Xmas at his father's, Mr. A. Roberts, in this village.  
Mr. J. Peake and Mr. T. Blandin who have been engaged in teaching are spending their vacation at their homes in this village.  
Miss J. Peake who has been attending school at Kingston is seen among her old friends once more.  
The Christmas Tree and Concert under the auspices of the Methodist Sabbath School held on the evening of the 24th, was a success. After gifts were distributed to the children, Mr. L. E. Mills, the superintendent, was presented by the school with a handsome writing desk. The proceeds of the evening amounted to about \$40, which after deducting necessary expenses will be appropriated for the benefit of the school.  
We deeply sympathize with our friends Mr. & Mrs. N. Coulter in the loss of their only child, Myrtle, who died on Christmas. The funeral service conducted yesterday, Tuesday, was largely attended.

## KINGSFORD.

**FROM OUR OWN CORRESPONDENT.**  
Miss Beattie Walsh of Read, is visiting Mrs. James McHenry.  
Mrs. Henry Saxsmith and Mrs. Patrick Seaventh are home for the holidays.  
Mr. Thomas Schlumberger, has returned home.  
Mrs. Hoff of Belleville, and family are visiting her mother's Mrs. Whitman.  
Mr. Baker, who has taught our school for the past year, has resigned and left for Newburgh.  
Alexander Fuly, George Abbott and William Gordon, have returned home from the Napanea High School for the vacation, having successfully passed their promotion examination.  
Miss J. Garratt, of Centreville, is visiting his sister Mrs. Thomas McHenry.  
Mrs. William Hayes is visiting friends in Mountain Grove, Olden.  
Report says that two weddings are likely to take place in the near future. Orange blossoms as wedding favors will then be in order.  
An immense congregation attended the Christmas services at St. Jude's Church. The Church was nicely decorated and looked remarkably well when lit up at night. The Rev. Mr. Foster officiated, and a large collection was taken up as a Christmas offering to the incumbent.  
A happy New Year to one and all.

## TYENINOGA RESERVE.

**FROM OUR OWN CORRESPONDENT.**  
An address and Family Bible were presented to chief and family, by friends who are grateful for his efforts on behalf of his people, at the council house on Monday evening.  
Thomas Loft one of the best known residents of the Reserve died on Christmas morning of congestion of the lungs, aged about 70 years; he remains were buried at Christ Church Cemetery, on Tuesday afternoon.  
Services on Christmas day, Christ Church was as usual tastefully decorated with evergreens and appropriate trees. The congregation was very large, chiefly Mohawks, there were 82 communicants. All Saints Church was also very beautifully decorated the immense congregation responded heartily.  
The children's entertainment held at the Council House on Monday evening, was well patronized. After each child had received a gift the music lesson kindly brought up by Messrs Bedford and McKee, exhibited delighting both parents and children for upwards of an hour.  
A farewell Supper was given last week to Mr. East on his resigning the Central School where he had been teaching to the satisfaction of all for 16 months. After supper a presentation was made to Mr. East; we are assured that the best wishes of the people of the central Section will follow him. Mr. East's Eastern School is again without a teacher; we hope that Mr. Agent Hill may be successful in securing efficient Teachers for the Section now vacant on the Reserve.

## MARYSVILLE.

**FROM OUR OWN CORRESPONDENT.**  
Mr. James Traynor, who went to Michigan some years ago is renewing acquaintance here.  
Mr. Wm. Martin left last week for Grand Rapids, Mich., where he expects to spend the winter with his brother John.  
Mr. A. Cummings, of Aberdeen, Da., who was on his way to his father's home for a few days last week to see his sister, Mrs. Bellamy.

Mr. H. G. Haisley and Mr. Garrett, of Ottawa, are spending the holidays with friends in this vicinity.  
Mr. A. W. Bartlett and wife, of Parkdale have been spending a week with friends in Melrose and Marysville. Mr. Bartlett was formerly agent of the T. I. L. here, and we were pleased to see him looking so well.  
Mr. John Sweeney, of the Sweeney Bros., of New York, has been through several of the Canadian cities and towns, on a business trip and is just now spending a few days with his brother-in-law Mr. Hawley, at Napanea. We believe Mr. Sweeney intends paying his old home a brief visit before he returns to New York.  
A large and representative gathering of voters assembled in Ryan's Hall on nomination day, but there being no new aspirants some business without, being away from home. Another advantage—it cost nothing to give the business a trial, and an agent devote all his time, or only his spare moments to it. We have not space to explain all here, but full particulars will be sent free to those who address the firm; their full address is given above.

Mr. & Mrs. James Walsh were visiting their many friends here last week, and bidding them farewell. They are at present visiting in Prince Edward County and intend returning for the next early next week.  
On Christmas day there were three Masses celebrated in St. Charles' Church when large congregations were present. Miss Hanley presided at the organ and the singing was very good especially the "Adeste Fideles." Large collections were taken up at each of the services the exact amount we have not yet learned.  
The weather during the past week has been extremely cold and we have had but little snow. Christmas day was fine but very cold in the morning. The sun however, shone brightly and though there was no sleighing weather was good. Christmas being on Sunday, Monday was generally observed as holiday.  
Mrs. Jessie Wilson, of Shawno, Wisconsin, is visiting her father, Mr. Michael Ford.

On Wednesday evening the 21st inst., Mr. Alex. McLaren of this place was married to Miss Margaret Dake, youngest daughter of Andrew Denike, Esq., 4th con. The tying of the nuptial knot was performed by the Rev. R. Denike assisted by the Rev. W. Snider, uncle of the bride. The bride was beautifully attired in nun's veiling and was attended by Miss Beattie McLaren, sister of groom, whilst Mr. L. Snider, of Belleville, acted as groomsmen. The bride was the recipient of many handsome and costly presents. We extend our congratulations and best wishes to the happy couple in their new sphere of life.  
The last meeting of the Literary Society held for the annual meeting of the officers for the following year were elected. Mr. C. Anderson, the popular president, was unanimously re-elected. For 1st Vice Pres., Mr. A. McFarlane; 2nd Vice Pres., Miss M. English; Sec. Treas., Mr. C. Simpson; Finance Committee, Messrs W. Ross, N. H. Dmiller, R. Sherman, Geo. English and F. Sherman. It is now nearly two years since the organization of the society and during this time the members have met weekly and have endeavored to make every meeting interesting and instructive; and we hope that the same spirit will be maintained in future.

The Mohawks of the western part of the Reserve in School Section No. 3 having learned that their teacher, Mr. M. H. East, was about to leave them have not been behind their white neighbors in showing the esteem they have for their friend and social in their school house on the evening of the 22nd inst.; and after having passed a couple of hours of the evening very pleasantly in the rendering of several pieces of vocal and instrumental music by the young ladies, the teacher and others passed around their baskets of sandwiches, pies and a variety of cakes, accompanied with a good cup of tea. After having satisfied their appetites they presented Mr. East with a gold pencil and chain attached as a token of their esteem for him as a teacher. Mr. East accepted the present, and in return he gave a reference back to the time when he first came among the people of this section the pleasure it gave him to be able to say that he had received nothing but kindness from all, and that he would accept the present with the greatest pleasure, and would prize it very highly. He then read so on account of its value, but more on account of the spirit in which it was given. The social was then brought to a close by singing the National Anthem.

## MONEY TO BE MADE.

It is said that dull times are not known by the agents for the great public sale of George Stinson & Co., of Portland, Maine. At present we understand, their agents are doing wonderfully well. Those who need profitable work should apply at once. Women do as well as men. Experience is not necessary, for Messrs. Stinson & Co. undertake to show all who are willing to work, not hard but earnestly, the path to large success. Another advantage—it costs nothing to give the business a trial, and an agent devote all his time, or only his spare moments to it. Stinson & Co. guarantee grand success to all who engage and follow simple and plain directions that they give. We have not space to explain all here, but full particulars will be sent free to those who address the firm; their full address is given above.

### LOCAL ITEMS.

**Twelve, Twelve, Twelve** very cheap. Kerr & Wines.  
Go to Egar's for your copy of the *Empire*. Mr. F. S. Rathbun and friends enjoyed a toboggan party on Christmas day.

Mr. James Stokes was acknowledged by all to be the most skillful skater on the ice. John Dougherty, who had his foot crushed by a wagon running over it, is able to be around again.

Thomas G. Fife, our worthy collector of customs with his family, spent the Christmas holidays at Napanee.

The Song Sermon at the Methodist Church on Sunday evening last was listened to by a large and appreciative audience.

S. Mark's Church was lit by gas for the first time on Christmas evening and although the fittings were temporary the effect was very cheerful.

The ice boats belonging to Barney Barnhart and John Joyce skipped along over the frozen surface, and added gaily to the scene.

A. D. Post, who had his arm badly torn in the Cedar Mill some time ago, is visiting friends in town. His arm is about healed up.

N. T. Lowe was the recipient of a handsome China cup and saucer as an Xmas present from the members of his Sunday School class.

If outsiders could see our market they would no longer express surprise that we should think it necessary to seek incorporation as a town.

A grand entertainment will be given Friday evening, January 6th, by the young people and children of the Methodist Church and Sunday School.

A poor old horse, devoid of friends and meat and which had been wandering round the streets was despatched on Saturday to put it out of misery.

A pleasant family reunion was held at Mr. E. W. Rathbun's on Christmas eve. Many were the joyous shouts of the little ones around the Christmas tree.

The Sunday Schools were remarkably well attended last Sunday. Hardly a scholar out of place except those whose first appearance probably it had been since last Christmas.

Miss Millie Anderson took part at the concert, held by St. John Church, Napanee, Tuesday evening, to the satisfaction of all present. Mr. Herkimer Aylworth also assisted ably.

H. B. Sherwood has returned from his trip west to Kansas City and Colorado. At the latter place he saw Mr. J. Butler, and accompanied him over part of the line with which he is now connected.

Mr. E. Walter Rathbun who was also in the same direction, and met the foregoing gentleman, also returned about the same time, and speaks in glowing terms of the western country.

We are glad to notice the steady recovery of John Prickett, who has been able to resume work again. He is led by Dr. Reeves, of Toronto, to expect the removal from his eye of the film which now covers it.

We regret to hear of the severe loss by fire sustained by Mr. John McWane, of North Fredericton, who lost a fine large span of horses, two colts, some pigs, and a valuable threshing machine on Christmas day.

Now is the time when the editor's thoughts wander towards home and when he follows his thoughts. New Brunswick is a long distance away but the near approach of leap year did it. The sea air is useful in bracing up, &c.

Is it any wonder that interest in municipal affairs lag? For those who just visit the cheerful chamber where the fathers meet each month and read the mottoes suspended on the walls over their heads.

"Rise sons of William."

The children's entertainment was held on Tuesday evening in the basement of S. Mark's Church. The attendance was large and the proceedings consisting of songs and recitations, magic lantern views and candies passed off satisfactorily.

S. Mark's Church was prettily not elaborately decorated. The Rector officiated at both services. The choral rendering in the morning was hearty and spontaneous and the choir showed evidence of good training. The singing of Miss Scott in the solos was much admired. The Curate preached in the evening.

The Methodist Sunday School Christmas Tree was held last Monday, Dec. 26th and a more enjoyable time was never witnessed by both young and old. And before the time announced for opening the doors a large crowd had assembled on the platform, eager to see the Christmas gifts so beautifully arranged on the tree. Mr. Amos Richardson, the superintendent called the meeting to order and proceeded with a very large and interesting programme. At the close of the above the gifts from the tree were distributed to the children. The receipts of the entertainment amounted to \$45.50.

A rather amusing coincidence occurred in one of our Sunday Schools on Sunday last, Xmas day. One of the young men of the school on being presented with a book, was casually asked by a neighbor "who the author was?" A deep blush was observed to come over the face of the recipient, when on reference to the title-page the name of the author (or rather authors) was found to coincide exactly with that of one of our young ladies in whom (as we have been given to understand) the young man referred to evinces deep interest. We do not wish to give him away but would suggest in future the propriety of donors of books making a study of such circumstances, with a view to preventing hapless young men from being so awkwardly placed in public.

Bargains in general dry goods, Hats, Caps and Gent's Furnishings. Kerr & Wines.

The Rev. Robert Atkinson is expected to preach his last sermon in S. Mark's Church on Sunday evening next.

Mr. A. Harbath will open his Skating Rink, on the ice, opposite the Flour Mill, on Saturday evening, Dec. 31st.

A young lady is reported to have left a church in an eastern city, because the up-hoistering did not suit her complexion.

Monsignor Farrelly, of Belleville, is the administrator of the diocese of Kingston during the absence of Bishop Cleary in Europe.

It is calculated that at least one wedding party each day crosses the ice from Prince Edward county. Our informant is an electrician and would like to cross also under similar conditions.

Jaas Cameron is again moving the opera hall to the front, when he will raise it another story, place the billiard tables on the upper story and fit it up for a roller skating rink below.

Perth and Smith's Falls have annual turkeys which result in great sums of money being taken in by the farmers and merchants of that district. Why should not Deseronto undertake something of the same kind?

The children have had a royal time this week. Mr. and Mrs. French entertained about 30 of the little ones on Wednesday at their residence on Centre Street.

It is needless to say that enjoyment reigned supreme.

A pair of Vermont oxen tip the scale at 7,000 lbs., one weighing 3,550 and the other 3,510. The price asked for them is \$10,000. They have netted the owner vast sums by taking prizes in all parts of the United States.

The members of the Craig Lodge, on Tuesday evening, attended the Masonic Installation in Belleville, and report a very enjoyable time. At the Banquet afterwards, some 200 hundred guests sat down to the bountifully laden tables.

The heroes are not all dead yet. The names of the candidates who so generously withdrew from the council and school nominations with an eye to saving the loss of time and expense to the municipality in consequence of an election will be handed down to posterity.

At the last meeting of Deseronto Lodge, L. O. F. M., Mr. Joseph Bradbeer who has been long connected with the lodge received the usual certificate prior to his departure for Lorain, Ohio. Mr. Bradbeer is followed with the best wishes of all the brethren who hope to hear of his success in his new home.

The Traffic on the Thousand Islands Railway at Gananoque steadily increases. From Jan. 1st to Dec. 10th this year 16,003 passengers were carried over the road, a large increase over last year. In the same time 9,825 tons of freight were carried over the road, an increase of 1,134 tons over last year.

The Salvation Army meetings continue quite large and interesting, and Captain Watson is much encouraged by the result of her self-denying labors. Next Sunday three meetings will be held and the services promise to be of a most interesting character. Adjutant Philpotts and his wife, of Kingston, will be present and deliver addresses on the occasion. A large attendance is requested.

The following officers have been elected in Deseronto Lodge, No. 102, L. O. F. M., for the term ending June 30th 1888.

A. E. Gracy, N. G.; C. E. Hubbs, V. G.; R. N. Irvine, R. S.; W. G. Egar, Treas.

The officers will be installed into office on the 4th Jan. 1888, by Bro. E. A. Norden, D. D. G. M., of Picton. A full attendance of the members is respectfully requested on the occasion.

The following vessels will winter in the port of Deseronto:—steamers Cibola, Resolute, Reliance, Quinte, Deseronto, Southern Belle, Armenia, Nile and Rescue; scho. Picton and Pilot; sloop Moulter and Bangs; and barges Puritan, Isis and Industry.

The steamers Southern Belle, Armenia, Reliance and Deseronto will be kept up on the marine railway to receive extensive repairs. The other vessels will also have many changes and improvements effected, thus affording much employment during the winter.

We have received a copy of the Eighth Annual Report of the Ontario Agricultural and Experimental Union for 1887 printed by order of the Legislative Assembly. This Report contains a mass of information very useful to farmers. It is a pity that a copy could not be placed in the hands of every farmer in the country. As a general rule the great need of our farmers is a supply of just such information as this pamphlet gives.

The methods and ideas of the farmers of Ontario could be profitably revolutionized were each farmer to subscribe for the *American and Canadian Agriculturists* and similar journals.

With contemplated town incorporation and school improvements, have we not been and are we not remiss in the matter of a public cemetery for the village. We understand that a meeting will be held shortly of gentlemen who have had the matter in consideration and who are now interested in the project. We call the attention of our readers to this important subject, and trust that with the incoming year the matter will be vigorously pushed forward to a successful issue. The matter was mooted some time ago, but for some unexplained reason, was allowed to drop.

Miss McHenry teacher in school No. 20 Tyendinaga was, on Friday 23rd December, the recipient of a handsome testimonial from the pupils of her school. Almost at the last moment they had heard that she was about to take leave of the school and they did not wish she should depart without showing her in some manner the regard in which she was held by them. Accordingly at the close of the examinations deputations of the pupils came forward and asked their teacher to accept a beautiful photograph album accompanied by many kind expressions of affection and esteem. Miss McHenry in reply said she could hardly express her thanks for their unexpected and valuable gift which she would always prize as a memento of their kindly generosity and would always look back with pleasure to the time she had spent amongst them as their teacher. The address was signed by Misses Beasly Hanley, Tessie Shannon, Magie and Mary Meagher and Masters Oswald Duggan, Martin Quinn and Thomas Roddy.
